STELLAR HOOKLIFTS	1
AIRWORKS COMPRESSOR	1
AMERICAN EAGLE DRAWER SYSTEMS	2
KNAPHEIDE FORD POOL	2
PTC GRAPHICS	2
PRODUCT LINES	3
PTC INFORMATION	3

Stellar Industries, Inc. was established in 1990 and exclusively designed and manufactured shuttle-loading devices. It was the first such manufacturer located in North America. The hooklift, as it is better known, allows one truck the ability to perform multiple functions through the changing of bodies, but also turns any truck into a dump truck. Stellar has

developed more than 40 different models. Some of the features of a hooklift are:

- ◆ One truck can support numerous bodies, which cuts cost and maintenance plus increases truck utilization.
- ◆ Patented dump/load interlock system
- ◆ Stainless steel pins

◆ Efficient low-flow/high-pressure hydraulic system

◆ Rugged rear body tie-down and large oversized rear hinge pins to insure stability.

Models from 3000 LBS to 65000 LBS. Cable units available as well!

Let us help you fit the right product to your meet your companies requirements!

AIRWORKS TWISTER T40/T60

Airwork Compressor Corp is your environmental advantage. PTC/Airworks are with you to decrease your carbon footprint and to conserve valuable fossil fuel while satisfying all municipal anti-idle laws. All of our units are Tier 4 Certified. Airworks benefits reduced chassis idle time, rotary/screw compress from 40 to 60 CFM, less weight, less fuel, more power, easy transfer, Kubota diesel powered. Size: 19"W x 32"L x 29" H Weight: 345lbs on standard units. Models up to 180 CFM. Contact PTC for more information!

American Eagle Drawer Systems

If you are looking for drawer units to put in the compartments of your service body, take a look at the American Eagle Drawer systems that Pacific Truck Colors sells. These are one of the best drawer systems on the market today.

The drawers are 500 lb rated.

All steel construction.

Drawer fronts are powder-coated gray for a great looking, long lasting finish.

All unpainted components are

galvanized for rust free durability.

Single T-shaped handle for convenient one-handed operation.

Life time warranty on slides and hardware.

4 Dividers are included in each drawer for tool organization. Egg crate dividers are also available as an option for small parts storage.

Available 12"-50" wide (in even inch increments)

10"-60" deep (in even inch increments)

Drawer heights of 3", 5" and 7" Standard 2.5" riser height.

We have a small display model in the parts department so the next time you are in, stop by and take a look!

Call now and ask about our "hot" prices on *selected in stock* platforms!

Let PTC Graphics help you with your signage requirements!

Here at PTC, our graphics department specializes in custom-made

vehicle graphics, from simple door logos to full-coverage vehicle wraps. Using only high-performance media designed for use on vehicles and proven installation techniques the Graphics Dept. can supply vehicle graphics that out last our competitors. While specializing in vehicles, PTC can also produce banners, site

signs, magnetic, printed and die-cut graphics of all kinds. All with

the quality and attention to detail that has made the graphics department and PTC one of the premier shops in the northwest!

A Little History on PTC

Pacific Truck Colors (PTC) is a locally owned company that was established on March 1 1992. PTC leased a building in Portland, OR and began painting with five employees and one 60' Paint Booth. In February of 1993 PTC moved into a new 12,500 SQ Ft facility in Tualatin. In June of 1999, PTC completed an expansion that doubled our size. A 40' Paint booth was installed in 2003 and in 2007 an additional 2000 sq ft was added to handle our expanding van interior upfits. Today the company has a Paint department, Collision department, Truck Equipment Sales Department, Service and Fabrication department, Parts department plus a full Graphics department.
